Graduation Requirements

School Board Policy 2415 sets forth Seattle Public School’s Graduation Requirements for the Class of 2008 and beyond. More specific information about Washington State and Seattle Public School’s Requirements can be found in the information below.

The new graduation requirements are mandated by the Washington State Board of Education. The board designed the new requirements to be both rigorous and flexible, and to support the vision of an education system that prepares all students for college, career, and life.

Students in the Class of 2021 and beyond must earn 24 credits to graduate. Students in the Class of 2018, 2019, and 2020 must earn 21 credits to graduate.

For incoming freshman you will start school at our regular time. The first half of the day only freshman will be on campus. You will participate in a freshman orientation with Ingraham staff and our Link Crew Mentors.

For new students in grades 10-12 we offer a new student orientation as well. This typically is held an hour before lunch on that day. More details to come. We will help make your first day a pleasant and welcoming experience!
Registration will start April 20th and go until May 20th. Registration materials and information will be e-mailed to families of students currently attending a Seattle Public School the week of April 20th. If you don't receive an e-mail, contact Cindy Spencer, our registrar, at cgspencer@seattleschools.org.

For students not enrolled in a Seattle Public School, materials will be mailed to you. Instructions on how to register for classes can be found on our YouTube channel.

The Course Catalog and other registration materials can be found on the Ingraham Counseling website.
